

LUCA CATTIDE

Italy (CET) - Full-Remote (EU work rights)

lucacattide@pm.me - lucati.de - linkedin.com/in/lucatide - github.com/lc-2025

SOFTWARE ENGINEER

Software Engineer with 9+ years of fullstack experience, developing 40+ projects, including an IT inventory app with Vue and Laravel that optimized HR processing time by 50% and Italy's leading whiskey e-commerce (2017-2019). Implemented scalable solutions with NextJS and Express in Agile (Kanban, Scrum), led R&D project presentations, and mentored one junior developer.

WORK EXPERIENCE

Career Break and Seeking New Opportunities

October 2023 – Present

- Implemented a fullstack portfolio with Typescript, NextJS, GSAP, and Sanity, ensuring responsive UI, UX, and accessibility, deployed on Vercel via DevOps pipeline
- Developed a fullstack usability-focused crypto e-commerce with TypeScript, NextJS, Express, GraphQL, and MongoDB, deployed on Vercel and Render via DevOps pipeline with Docker to strengthen my 9+ years of experience alongside individual study
- Enhanced collaboration, adaptability, and time management skills through professional development in consulting

Senior Software Engineer - Gen Digital

May 2021 – October 2023

- Promoted to Senior Software Engineer from Software Engineer at Avast, developing 9+ web applications, extensions, and APIs with React, Svelte, Material-UI, Playwright, Express, MongoDB, and PostgreSQL, documented via Storybook and Swagger, deployed with Docker through TeamCity to Google Cloud Platform
- Developed a JavaScript extension for Slack and MS Teams notifications about projects and POCs pull-requests or releases, reducing approval times to over 66% and 25% of communication timing
- Developed a TypeScript NPM package for automated projects and POCs configurations loading on shared tools, streamlining cross-functional management, and eliminating technical intervention.
- Hosted a cross-functional presentation about R&D results with 20+ participants and proactively led and participated in pair-programming on-demand sessions of 5+ people between team and partnered members
- Implemented websites and additional solutions for NortonLifeLock post-transition
